## Resolume Arena Software

### Screen Dimensions:

- 4 TVs: 1920x1080

- On stage LED Wall (Without side panels): 1920x1080 (Aspect ratio 9:4) - On stage LED Wall (WITH side panels): 1920x1080 (Aspect ratio 11:4) - HDMI input for use of personal laptop

### **Stage Dimensions**

Performance space:

18ft Wide

10ft from LED wall to front of stage.

8ft Ceiling height.

### **Dressing Rooms**

Dressing Rooms (Green Room located Stage Right)

Production Internet: There is production wireless backstage and throughout the venue. Specific passwords will be provided upon arrival and will be posted in Green Room. Green Room: There is a green room directly to the right of the stage.

### **Hospitality/ Catering**

Catering will be done in house. For most shows, you will be issued meal tickets as per advance and you can order directly off of our menu. Meals are served in the green room. Please advance any specific needs with our Production Manager/General Manager. Hospitality/rider shops will be based on a per-show, per-budget basis. Because we have a working full time kitchen at our disposal, we ask that you cut down your rider especially as it comes to food. Hospitality should be advanced with the Production Manager/General Manager.

### **Merch**

Merchandise will be sold in the main lobby. We do not have an in house artist merch seller, however merch sellers can be provided for a fee and must be advanced. Merchandise splits are per artist contract. We are responsible for collecting Nevada State sales tax of 8.38% on all merchandise sold. (As of 10-9-2023).

To be addressed in advance. The house also has credentials for use. Per advance, we will honor your tour credentials.

All settlements will be done through ACH. Any other requests must be made in writing to the house PM at least 72 hours before show day.

Merchandise Security Settlement
